Pleasure and excitement reigned over last Wednesday, November 29th, when Santa Ana received the Junior Rose Bowl bid. Bill Cook signed the bowl pact (L. Top) as Coach Armand Cure, Dr. McNaughton, John Ward and Norbert Verbeck, Western States representative, look on. Students show their victory flag in the student union

(R. bottom) as Bill Cook and Art Hannafin, chairman of the Junior Rose Bowl committee, smell Roses. (R. Top) Herb Hill (L. Bottom) expresses his sentiments over KVOE at the Committee luncheon held the same day.

TOMORROW!

There will be a bonfire
rally on the college campus
at 7 p. m. tonight.

Corsages for the game will
be on sale on the campus
Saturday morning from 10
a. m. until 11:15 a. m. The
proceeds will be contributed
to the Robert Harrington

fund.

A special Student Body
Rooting Section will be
roped off at the Rose Bowl.
To be admitted this section
it will be necessary for stu-
dent rooters to wear white
shirts or blouses and ribbons.

The ribbons will be issued to
each Student Body ticket
holder today in the Student
Body Office at the Student
Union.

A caravan will be formed
on the college campus Satur-
day morning, leaving at

11:15 a. m., escorted by the
police to Pasadena. Anyone
desiring to take cars to Pas-
adena in the caravan please
notify Mrs. Davis in G73 by
9 a. m. today.

All faculty members who
wish to make up a party to

go to the Rose Bowl game by
bus, please sign your name
to the sheet posted on the
faculty bulletin board. The
bus will leave the campus at
11:15 and return after the
game. The bus will accom-
modate 37 people and the
charge is \$1.60, round trip.

Introducing

They say that big things come in small packages and that is certainly true in the case of Rita Riggs, dark-eyed SAC-theatre arts major.

"I was born Sept. 2, 1930, in a tiny place that will, within the year, be buried at the bottom of a huge artificial lake in the Ozarks" says Rita. "Home is where I hang my hat, but California is my adopted home state," Rita grinningly adds: She spent her early childhood in the southern states and came to California in 1941.

While majoring in theatre arts, Rita is also interested in art and music. She is mainly concerned with costuming and backstage production although she says "there is quite a bit of ham in me." Rita was Emily in "Our Town" and student director of "Chicken Every Sunday" and she was active in summer stock with the Holiday Stage. She worked on sets for the recent production of "Accidentally Yours." As far as music is concerned, Rita likes any style from that of Mendelssohn and Brahms to Spike Jones.

* * *

Fred Yamada says that the greatest difference between the Japanese student and the American student is that "in Japan we study between examinations while in America we wait until the deadline and then try to cram it all in at once." Fred should have his facts straight on this because ever since 1931, when he was three years old, until 1947 Fred has lived and studied in Japan.

Fred and his big brother and sister were born in Garden Grove.

In 1931 his father took them to live with an uncle in Sendai, 300 miles north of Tokyo. After two years the father and brother returned to the U. S. leaving Fred and his sister in Sendai. During Fred's high school days war was declared between the U. S. and Japan. Says Fred, "There is no way to describe my feelings when the news came. We had been reading that war might come, yet we could not believe it." After the war Fred served as interpreter with the U. S. Army in Yokohama until his brother came for him to return to the United States.

The big brother in this story is Jimmie Yamada, '41 honor graduate. He was editor of Del Ano and feature editor of El Don. When the war broke out Jimmie was staff sergeant with the U. S. Military Intelligence Service in Indo China

and has now obtained a position in General MacArthur's Headquarters as a member of the Army Translation Interpreting Section. This illustrious graduate of SAC has also worked for the United Press as an editor.

Fred is also interested in writing. An article by him about the San Francisco Ball Club was published in a Tokyo baseball magazine. We expect to be just as proud of Fred as we are of his big brother. Graduating this June as a foreign trade major, Fred expects to continue in his studies at Berkeley. We wish him the best of luck.

AWS Xmas Project Aid To Keller Fund

An appeal has been made by Helen Keller, famous blind and deaf educator, for the collection of money for the aid of the blind children overseas. In this appeal she stresses the importance of aiding the handicapped children of other countries and of preventing them from the necessity of begging in the streets.

The AWS, SAC organization of women students, in answering Helen Keller's appeal, has made the promotion of contributions to her fund into the annual Christmas project of the organization. Instead of helping Orange county families exclusively, with canned goods and groceries as donations, the AWS will, in addition, start the fund for aid to the blind children by contributing money and asking service clubs on the campus to assist them.

Miss Agness Todd Miller, dean of women, stressed the importance of this project and asks that everyone on the campus contribute to the worthy cause.

Children from France, Greece, Italy, Finland, Austria, and Western Germany will benefit from the fund. Miss Keller is making her appeal for aid to every student in the United States.

Engineering Courses Wide In Scope Offer Practical, Timely Instruction

(Ed. Note—This is the fourth of a series of articles written by Jane Lindemuth, El Don feature writer, to acquaint students with the various departments of the college.)

Perhaps the most inclusive department in SAC as far as courses are concerned is the engineering department, headed by Harold A. Moomaw. In addition to the usual courses such as engineering surveying and drawing, architectural drawing, and descriptive geometry which are taught by the department head, there are also courses in astronomy, agriculture, mathematics, physics, and vocational shop.

All courses are instructed in a practical way with the necessary theory applied to actual working conditions. Terminal students, who will enter the business world directly following their graduation from SAC, as well as students who plan to continue in a four-year university, are offered instruction in all phases of engineering work.

Instructor Has Engineer's License
Harold A. Moomaw is a registered professional mechanical engineer and is well qualified for the teaching of his engineering courses. An example of the practicality of instruction offered in courses from Moomaw, as well as in those classes instructed by others in his department, is that given to students of surveying. Textbook knowledge is put to practical use by surveying actual parcels of land. Many hours are spent however, in classroom study of the mechanics of surveying. Moomaw graduated in engineering from Oregon State College and has taught at SAC since 1936 except for a two-year leave during the war when he served as USC Area Supervisor in charge of engineer-

ing, science, and management of the War Training Program in the Long Beach harbor area. An article written by him appeared in an engineering magazine and reviewed his work during that period.

Russell Credited With Inventions

H. O. Russell, former SAC director, is the physics instructor. He has made a number of inventions, most spectacular of which is the mirror sight, used for sighting of rockets, cannons, etc. Russell was chief project engineer of a huge refrigeration system to artificially produce all types of weather conditions for the testing of airplanes.

Lloyd Tolman and Mabel Whiting are mathematics instructors of the department. Paul Andres is in charge of the agricultural courses in which students raise crops and study methods of production. Lloyd Tolman also instructs the astronomy students and plans star-gazing trips and tours to Griffith Observatory. SAC vocational shop courses are known throughout Southern California for thorough preparation of students.

Editorial

It's here! The biggest day of the lives many of us might well be tomorrow. For the football squad, it will be. For the rest of us this Fourth Annual Junior Rose Bowl game will be an event to remember.

Today we are thinking in terms of the future as we look toward and prepare for the crucial battle in the Rose Bowl at Pasadena. Tomorrow we will only be thinking of winning that game.

After the game we will have only the memories of what we have accomplished during the season of '49 football; the Turkey day game, and best of all the "Junior Rose Bowl" game.

During the past few days, from the time Coach Bill Cook and Art Hannifan signed the bowl pact, through today, there has been a feeling of fine spirit. We have done things of which we can be proud and happy. The daily pep assemblies, last Tuesday and Wednesday's rallies, parades through town, the bon fire rally tonight, all have made the pre-game spirit what it should be.

Win or lose, tomorrow will be the day to remember, a climax to a perfect football season, and one of which we all can be proud.—H. C.

COME
ON DONS!

VOLUME XXV

SANTA ANA, CALIFORNIA, DECEMBER 9, 1949

NO. 8

CBS Broadcasts Pep Assembly On KNX Tonight

"Sock Little Rock" was the cry of the audience at the city wide pep rally held Wednesday night in the Santa Ana high school auditorium. Sponsored by the Junior Chamber of Commerce, all SAC students, their friends and relatives were welcome to come and cheer for the Dons.

Broadcast over KNX, the rally consisted of yells, songs, and speeches. Yell leaders Phil Reilly, Al Fletcher, and Burton Pickett led the crowd in several of the SAC yells. The Alma Mater and the Don fight song were accompanied by the high school band, under the direction of Robert J. La Master, SAC band director.

Carlos Lillywhite, co-captain of the Don squad, made a speech dedicating the game Saturday to Bob Harrington, Don footballer, who was recently killed in an accident. Bill Cook, coach, introduced Lillywhite and Al Carmichael, and spoke a few words on the game to be played tomorrow. Carmichael also spoke.

Master of ceremonies of the rally was Bob Zelinka. Dr. Daniel C. McNaughton, director, gave a short speech of thanks to all those people who aided with the plans for the Junior Rose Bowl game activities.

Alex Cooper, disc jockey from Los Angeles, was master of ceremonies for the program following the rally. Presented with a key to Donville and a pom-pom, Cooper was made an honorary Don.

Also on the program was Artie Wayne, vocalist famous for his record of "Sleepy Baby." He sang several selections for the crowd, including "Sleepy Baby," "Swonderful," "Candy Kisses" and "Black Lace."

Jeane Taylor, vocalist from Hollywood, entertained with "I've Got a Crush On You," "Sometimes I'm Happy," "The Lady Is a Tramp," and "The Christmas Song." Both she and Wayne were accompanied on the piano by Herman Saunders, who also played two solos, "Tea For Two," and "American Patr." His rendition of "American Patrol" was made while he was with Horace Heidt, and has never been released.

"Outward Bound" Tryouts Coming

Tryouts for Santa Ana College's next drama presentation, "Outward Bound" will be held next week in the old Student Union. Students desiring parts should contact F. Wayne Flinn, drama instructor, and register for the casting list.

Students already registered need only check with Flinn regarding eligibility and available time for rehearsal.

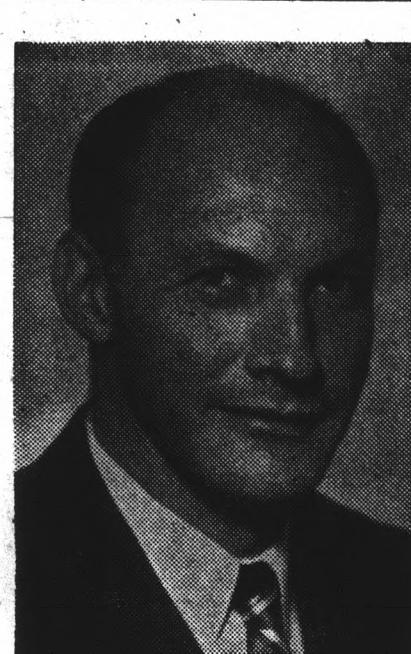

"Outward Bound" will be the second play of the year. The last play was "Accidentally Yours," was presented at Willard Junior High auditorium December 1 and 2.

No definite date has been set for presentation of the next play. Tentative student director is Barbara Daniger.

Students having a student body card will receive a twenty cent discount on their tickets to the play.

Pictured above are Thomas H. Glenn, English instructor at SAC, and president of the Southern California Junior College Association; and Dr. Daniel C. McNaughton director of SAC. McNaughton is a member of the Executive Committee of the Southern California JC Association, and has gone to San Francisco to attend a meeting of the committee.

Outstanding Half-Time Activities Promised For Tomorrow's Game

"Half-time activities for the Little Rose Bowl game tomorrow afternoon in Pasadena will be really outstanding," promised R. J. LaMaster, S.A.C. band director today. LaMaster would not disclose the planned program.

Because of the smallness of the present Don band, the Santa Ana high school band will represent the Dons and will be led by both the college and high school majorettes.

Acting as drum majorette for the organization will be Cheryl Kruel, last year's Don majorette.

As an added addition to the band 10 girls, composed of high school and college co-eds, will march behind the band as flag twirlers spelling out SANTA ANA.

The girls are Donna Dragaset, Jolene Wakefield, Nelora Townsend, Beverly Warren, Gay White, and Joanne Wells from Santa Ana high and Dottie Lee, Elaine Piereson, Beverly Moriarity and Pat McFarlane of the Don campus.

The band will lead the parade to be held at 10:00 a. m. in Pasadena tomorrow. Included in the parade will be 12 Junior College bands from various Southern California schools, SAC's Little Rose Bowl queen, Sharon Carnahan, and the song and yell leaders. The parade route will follow along Colorado Street.

Don majorettes Anita Stoddard, Beverly Shultz, Rita Laramie and Phyllis Ehrler were provided with new uniforms to correspond with the Saint majorettes, composed of Pat Reinhardt, Joanne Wetzel, Marian Seeley, Betty Parker and Marian Pruitt.

The flag twirlers will carry red flags with black letters.

They will appear in black sweatshirts and red corduroy shorts and boots.

Pre-game activities are scheduled also for the day. The various bands will form the letters EAST and WEST on either side of the field, and will play the Star Spangled Banner.

Newman Club Holds Dance

Members of the Newman Club of Santa Ana College will usher in the Christmas season tonight with a party and dance in the home of Norrine Smith. Plans for the party and dance were told at the recent meeting in the student union.

Holding down guard positions for the past two seasons have been Bob Zelinka, Erwin Spector, Herb Hill, and Roy Hull, who are leaving to continue their educations at four year colleges.

McNaughton Appointed to Committee Flies North To Attend Meeting

Dr. Daniel C. McNaughton, director of Santa Ana College, was appointed a member of the executive committee for the study of general education in junior colleges throughout the United States at the meeting of the Southern California Junior College Association held in Bakersfield last November 16-18.

Dons Broadcast On Station KVOE

Santa Claus, in the form of George Billingsley and his two secretaries played by Rita Riggs and Lesley Condon will perform a skit over "The Dons Review" SAC broadcast over KVOE Monday night at 7:30. Action of the skit will consist of the secretaries reading letters to Santa Claus from popular SAC students, which will be the highlight of the program.

Announcer Al Fletcher, will open the broadcast with a tribute to Christmas and what it means to people in a democratic country.

A salute to Santa Ana College's all conquering Dons will follow, with George Billingsley and Dick Moomaw paying tribute to all who helped in the successful drive to the Rose Bowl, including the schools of the Eastern Conference, the Second Guessers' club and the Pasadena and Santa Ana Chamber of Commerce, as well as the team and student body.

A skit honoring the Christmas Winter Wonderland Formal will follow, with Don Roelands, Paula Doretti, Al Fletcher and Leslie Condon, all members of Mrs. Mary Safley Reed's radio class, taking part.

Ronald Troutman, SAC student, will sing "Winter Wonderland," dedicating the song to Christmas dance following the same theme. Troutman will be accompanied by Keith Morrow at the piano and Jamie Jameson, bass.

Mrs. Reed stated that "all students are urged to tune in to the program because it is about them and will hear their own or their friend's names mentioned on it."

Harrington Fund Campaign Ends

During the past three days money has been collected for the Bob Harrington fund, to be given to his widow and child. A box was placed in the foyer of the Administration building, and contributions were made by students and faculty. In town, contributions were made at the Santa Ana Book Store by the people of Santa Ana.

Members of the committee to collect the money are Bob Zelinka, Herb Hill, Carlos Lillywhite, Keever Jankovich, and Dave Evans, ASB president. Zelinka, Hill, Jankovich and Lillywhite were teammates of Harrington.

Committee members have been presenting the matter of contributing to the Harrington Fund during the 9 a. m. classes of the college for the past three days.

An announcement of where contributions may be given was made at the pep assemblies on Wednesday and Friday.

All of the Women's Service clubs are selling white pom pom corsages to the people of the caravan tomorrow to help with contributions to the fund.

SOCK
LITTLE ROCK!

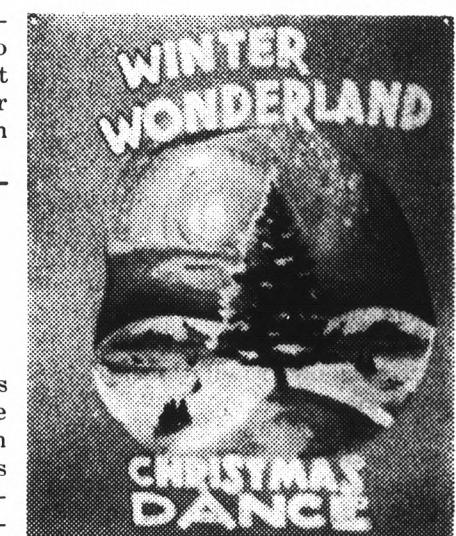

NO. 8

The University of California at Los Angeles and the California Junior College Association with a \$30,000 donation from the Carnegie Foundation will experiment in the California area during a two year term. During this term the executive committee will guide the activities of the experiment and employ experts from the field of education.

The study of general education has been brought into national interest currently and includes, family living, civic responsibility, understanding of world events, cultural communications, rational thinking, and other topics relative to "living rather than making a living."

Annual Formal To Take Place In Cafeteria

Converting the cafeteria from an eating place to a snowy Christmas night will be the problem of the decoration committee of the "Winter Wonderland Formal" to be held December 16 from nine to twelve," announced Mrs. Mary Safley Reed, advisor. Tickets for the dance will go on sale Monday in G75 and the Student Union at \$1.20 per couple.

In carrying out the theme of "Winter Wonderland," the decorations will consist of green pine trees and boughs covered with snow, dim blue lights, depicting a snow scene. Decoration chairman Sue Howard will be head of the committee, consisting of Dick Moomaw, Harry Berquist, Al Fletcher, Arlene Wright, Arlene Dreblow, Liane Crawford, Carolyn Davis, Edith Lyon, Peggy Ann Tozier, Nan Wheeler, and Jo Anne Johnson.

Music to be provided will be held from ten to eleven o'clock when there will be eight program dances. In charge of programs will be Frank Sekeris.

In helping to publicize the dance, Miss Frances Egge's art classes have drawn posters which have been on display on campus bulletin boards.

Chem Lab Has New Equipment Worth \$9,000

New equipment totaling \$9,000 was installed recently in the Chemistry laboratory for Thomas C. Van Osdall and his organic and analytical chemistry classes.

New desks completely equipped with the best stone tops available were among the new articles bought. Other new equipment included complete facilities for handling organic chemistry and analytical. Each desk has been completely stocked with equipment necessary to all phases of chemical work. A new balance room equipped with weights and desks equipped with electricity, gas, and compressed air are also new. A modern stock room has been made in another part of the building and has been stocked with the best of chemicals.

Currently being installed is a fume cabinet which enables a complete change of air in the laboratory every three minutes.

With these new additions to the Chemistry laboratory, this department is able to meet the demands of all medical, dental, and engineering colleges.

Advise G.I.'s On Tuition Fees

Any veterans who are close to the exhaustion of their entitlement to Federal educational help under the GI Bill of Rights are advised by Ben Liebermann, Orange County Service Office, to look into the matter of repurchasing some of the leave time charged against them.

They may find, he said, that it is possible to extend the period of their right to GI Bill subsistence and tuition payments.

Unless a veteran-student specifically requests otherwise in advance, he is placed on "leave" for 15 days at the end of the enrollment period. He is paid subsistence allowance for this leave time, but it is charged against his total entitlement.

If a veteran now finds that he has only enough GI Bill entitlement to carry him, for example, to a date 12 days before the midpoint of a college term, he would have to complete the term at his own expense. But if he has entitlement enough to carry him past that mid-term date, he can complete the term at Government expense.

Under new regulations, that veteran can now "buy back" 13 days of his leave time, by refunding to Uncle Sam the subsistence paid him for those 13 days. The cost of this is far less than the monetary gain to the veteran that would result.

Marjorie Rohne, '49 graduate of SAC, is now attending USC, where she is continuing her major of journalism.

Dons Go Wild As News Is Heard

By PHYLLIS EHRLER

From the moment that the members of the Santa Ana College student body received the news that the great Don squad had been chosen to represent the West in the Little Rose Bowl classic, excitement such as never had been witnessed before clutched the school and town.

Activities in preparation for the Little Rose Bowl game have continued all week. Short pep assemblies, held Monday and Wednesday mornings aroused the already high feelings of the students. A pom-pom party held Tuesday night in the Student Union brought many of the student body together to make red and black pom-poms for the huge rooting section.

A great number of students and townspeople witnessed a city-wide pep rally in the high school Wednesday night. Bill Cook, head coach, and Co-captains Carlos Lillywhite and Keever Jankovich were introduced. Song and Yell leaders led the crowd in a few yells.

One of the main events of the week will be held tonight when a huge bonfire will be lighted on the campus.

A car caravan will leave the college grounds tomorrow at 11:15 a. m. and will be police escorted to the Rose Bowl. Buses are also being chartered for the affair, to provide transportation for those needing it.

Red carnation corsages are being sold on the SAC campus to help contributions to the Bob Harrington Fund.

To be admitted to the Santa Ana, rooting section, each student must have a white shirt, sweater or blouse, pom-pom, and a ribbon. Students are urged to purchase the red and black rooter's caps to assure a good looking rooting section.

Christmas Trees Sold By WAA

Sale of Christmas trees by the Women's Athletic Association of SAC provided the WAA budget with money for sports activities for the coming year. The trees were sold by members of the WAA board from November 28 to December 5.

In cooperation with the Rainier Tree Company, 1902 N. Main, Santa Ana, the Women's Athletic Association made arrangements that enabled students to make a substantial savings on the purchase of their Christmas trees. Any prime Douglas Fir tree, up to 9 feet tall, was sold for two dollars upon presentation of a certificate obtained from Miss Isabelle Rellstab, WAA advisor.

Members of the WAA board that sold the trees are Marlene Kana, Pauline Scott, Jo Ann Kline, Monta Jo Long, Laura Perez, Janet Siebert, JoAnn Franklin, Chloe Barr, Peggyann Tozier, and Lillian Weir. Peggyann Tozier sold the most trees, with Jo Ann Kline second and Chloe Barr third.

Members of the WAA board that sold the trees are Marlene Kana, Pauline Scott, Jo Ann Kline, Monta Jo Long, Laura Perez, Janet Siebert, JoAnn Franklin, Chloe Barr, Peggyann Tozier, and Lillian Weir. Peggyann Tozier sold the most trees, with Jo Ann Kline second and Chloe Barr third.

Alumni Trail

By PAT JOHNSON

Jim Mahoney, Santa Ana College graduate of 1949 is the fellow that you see managing the Mobil Gas Station at the corner of Bristol and Washington.

While attending Santa Ana College, Jim was athletically minded and was a member of the 1948 championship baseball team. During his second year he was co-captain of the baseball team. Jim also served as vice-president of the college YMCA.

His major was Gasoline and Diesel engines under the instruction of Harry des Granges.

MARJORIE ROHNE

Marjorie Rohne, '49 graduate of SAC, is at present continuing her major of journalism at USC. When we saw Marge during the Thanksgiving holiday, she was busy telling of her life at USC, and the courses, people, activities, and doings at the SC campus.

While at SAC, Marge belonged to the International Relations club, Spanish club, Alpha Mu Gamma, and Beta Phi Gamma, national journalism fraternity. She was also advertising manager and feature editor of El Don. She belonged to Alpha Gamma Sigma, also.

Up at USC, Marge belongs to an International club, and is on the staff of the Daily Trojan. After graduation, in June of 1951, she is planning to continue in the field of journalism, but as to what field she will enter is not yet certain.

Marge told us of seeing several ex-Dons and Donas on the campus up there. Kirk Sooy, former editor of El Don; and also a '49 graduate, Carlos Torres, Rueben Quijano, and Mary Mercedes Taylor are a few of the SAC alumnus continuing their studies at USC.

Alpha Rho Tau Sponsors Tour

Members of Alpha Rho Tau, SAC's Art club, directed by Miss Francis W. Egge, sponsored a Gallery Tour, December the sixth, at two o'clock in the afternoon, at Scripps College, Claremont, California, to see an exhibition of art.

There were over 300 drawings by old masters as well as modern. These drawings are the finest collections of art work that has ever been assembled.

All art students were welcomed to attend. The price was twenty-five cents apiece for transportation by bus. Own transportation was welcomed.

Officers of the Alpha Rho Tau are Gus Maier, president; Sue Howard, vice-president; Nan Wier, secretary; and Stanley Mansfield, treasurer. There are over 18 persons in the club.

This club is trying to raise enough money to build a new Youth Center

Ag. Class Members See Livestock Show

Visiting the Calavo Avocado Packing House at The Western Livestock Show in Los Angeles recently were the members of the agricultural class under the supervision of Paul Andres, agricultural instructor.

At the packing house, the members were shown the various steps involved in the packing of avocados.

Rose Bowl Bound

We've gone quite a ways together gang. The games of the past were wonderful ones and led us to the most important one of them all, the Junior Rose Bowl game. But this will be more than just another game for S. A. C. This one is for a swell and wonderful guy so let's all be there and back the team to victory for him.

DONS BATTLE TROJANS

National Honors Main Stake In Junior Rose Bowl Contest

Santa Ana College's undefeated football armada invades the Pasadena Rose Bowl tomorrow afternoon at 2 p. m. to meet the Little Rock Trojans in the nation's number one jaysee grid classic.

After two weeks of conditioning the Dons are in excellent physical condition for the battle and "Bill" Cook, head football mentor, stated that Santa Ana is ready to give Little Rock 60 minutes of football that they will always remember.

Arrive From Arkansas
The Trojans arrived from Arkansas last Tuesday afternoon by train and immediately their squad

Coach Jimmy Karam began drilling the squad at Brookside Park after greeting the public at the railroad station in Alhambra. According to Karam the Trojans were never in any better shape than they are for the Junior Rose Bowl tilt.

Winning ten consecutive games and chalking up 430 points in doing so, Karam rates Little Rock as the finest junior college squad in the nation. The Trojans have played in three bowl classics in three years. Trouncing Coffeyville, Kansas in the 1947 Coffey Bowl fracas, lost to South Georgia jaycee in the Junior Sugar Bowl last year and slaughtered Southeast Louisiana, 55-13 in the Shrine Bowl this year.

To Stay in Hotel
Leaving for Pasadena this morning the Dons will stay over night in an undisclosed hotel and might engage in a light workout this afternoon. Coach Cook plans to employ both the single wing and T-

Santa Ana

Santa Ana Eleven Improves In Statistics Over 1948 Season

Compiling an outstanding record during their 1949 football schedule, the Santa Ana College Dons newly crowned conference champions boast a statistical record this year that surpasses the outstanding record of the 1948 eleven.

Although being held to a 13-13 tie with Pasadena, the Dons have recorded in ten games 298 points against their opponents 104 this season while last year's championship squad managed to score 195 points to their opponents 77.

From a statistical view point, the Dons this year boast a net yardage record of 3,821 yards with 2,733 yards gained by the 1948 eleven. The Santa Anans improved their passing attack on the 1949 team gaining 1,212 compared with the 671 yards made during last year's season through the air.

Opening their 1949 schedule with a 31-13 victory over Cal Poly, Santa Ana then moved on in their next encounter to roll over Santa Monica 31-0.

Meeting their two toughest conference opponents within two weeks apart, the Dons opened circuit competition with a 20-2 victory over Orange Coast and the next week conquered Chaffey 37-13. Then the Dons coasted to four easy conference victories and also defeated Long Beach 14-12.

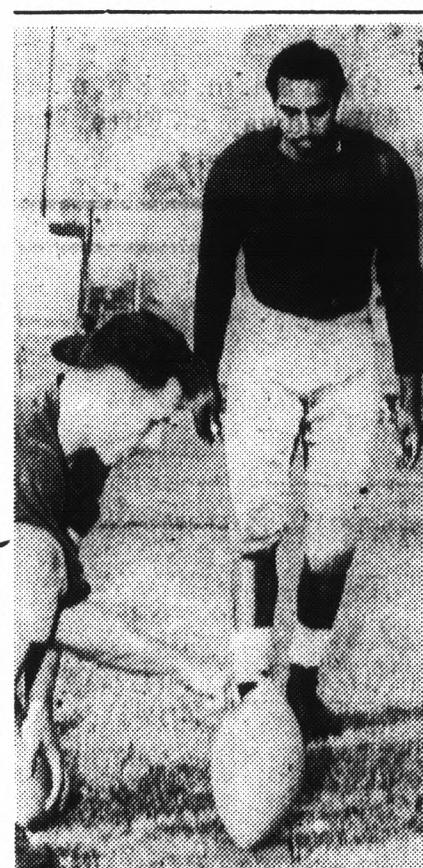

Searcie Earns Honors Booting Extra Counters

Coming to Santa Ana from Benson, Oregon, as an unknown 160 pound halfback, Lee Searcie when he enrolled at SAC this semester didn't figure that he was destined to become a kicking specialist on the 1949 Don eleven.

Searcie, only 19 years old and fresh out of high school, got his start at conversion booting in the Orange Coast game after only being just another halfback from prep ranks, who lacked experience in the first three games. In the Coast game Searcie made two out of three conversions to get off to an excellent start.

Taking over the extra point duties, Searcie accounted for 22 points during the Dons' respective schedule. In the San Bernardino game Searcie brought his record up to 17 consecutive extra points, but missed on the eighteenth attempt.

His accurate booting in the Long Beach game resulted in a 14-12 victory for the Dons and he also brought the Riverside game out of the fire by booting three perfect strikes. Searcie has never missed more than one conversion attempt in seven games for the Dons.

SA College Cagers Scheduled To Enter Chaffey Tournament

With only two weeks to practice, the Santa Ana college basketball team is scheduled to enter the ninth annual Junior College Cage Tournament at Chaffey December 14 to 17.

Full scale practice will get underway next Monday afternoon at the high school gym. About eight Dons have been practicing during football season without the aid of a coach. "Doc" Cure, head basketball mentor, has not been able to conduct practice, because of assuming duties of backfield coach on the football squad.

Several returning lettermen

who have been out for football will back the squad starting Monday. Also numerous new cage prospects will report to practice, according to Cure.

This puts the Dons at a great disadvantage to the teams they will meet in the tourney, because they have been playing for several weeks while the Santa Anans will only have less than two weeks of actual practice. Coach Cure plans to have the Dons scrimmage with the El Toro Marines sometime next week for their only game before the tourney.

Santa Ana's Cross Country Squad Wins State Wide Meet

Sweeping over all opponents, Santa Ana copped the state wide invitational cross country meet at San Luis Obispo last Saturday to climax a victorious season.

UCLA won the upper division while the Dons easily captured the lower. The Dons scored a very low 23 points while their nearest competitor Los Angeles City College accounted for 39.

Quackenbush Wins

Harry Quackenbush sparked the Dons with a first place covering the 3 1/2 mile course in 17 minutes and 17 seconds. Leonard Thorton finished a close third and Russ Extrom fourth which insured Santa Ana of the victory. Frank Mendez scored sixth place while the last of the Dons, five men team that entered the meet, Duane Anderson took ninth place.

The Dons have gone through their entire schedule this season including invitational meets without a loss. In conference the pacers defeated Fullerton, San Bernardino, Riverside and Mt. San Antonio. They also captured the Mt. San Antonio invitational cross country meet at the beginning of the season.

Receive Trophy

Santa Ana for their victory last Saturday will receive a trophy to add to their large collection and also individual honors for some of the members. According to their Coach John Ward the squad is one of the best teams on record at Santa Ana.

Players Attend Formal Dinners

Besides attending football practice this week, the Santa Ana Dons have been guests of local business men's associations at luncheons celebrating the Little Rose Bowl game.

This afternoon in Pasadena the Dons will formally be introduced to the Little Rock Trojans before spending the night in a Pasadena hotel. The Trojans during the week have been staying at the Huntington Hotel in Pasadena and conducting their practice at Brookside Park.

Coach Cook last week appeared on television along with Keever Jankovich and this week he has made many guest appearances on radio and also at formal dinners.

Santa Anans Out To Sock Block Off Little Rock

By HAL CALDWELL

The referee looks over the field, counts the players. The east and west are ready and the whistle blows, the ball is kicked and the 1949 edition of the Junior Rose Bowl game is on its way.

Talking over attendance figures, in 1948 more than 51,000 fans saw Compton knock off Kilgore College of Texas 19-0. In "47" attendance rose to 55,000, with Chaffey College downing a stubborn Cameron Aggie team from Lawton, Oklahoma, 39-26.

Tartars Defeat Duluth

Last year Compton made the trip to the bowl for the second time and walloped Duluth, Minnesota 48-14. This is the fourth annual Junior Rose Bowl game. My guess is they will have another 5,000 to make the attendance near to 65,000.

It's too bad Frank Errota, one of our best sport writers, couldn't have been here to pick the winner, but Frank must be pretty busy at San Jose State College along with other former El Don writers, Maurice Duke, Tom Murphine, and Mike Williams.

Will Take Dons

I wouldn't know for sure, but even if we are underdogs by one touchdown, I'd still take the Dons. Even one of our most liked history teachers here on the campus never bets on the underdog, but I hear he's taking bets from all comers on the fact that Santa Ana is going to win.

Back	Bob Cornelison, S. Bernardino	S. Bernardino

Second Guesser's Boost Bowl Game

Breakfast was served to an over flowing crowd during the regular meeting of the Santa Ana Second Guesser's club last Monday morning in the college cafeteria.

The meeting honored the 1949 Dons and the entire squad was present to bolster interest in the Junior Rose Bowl game. Plans were discussed on chartering busses and having an automobile caravan to insure a substantial turnout from Santa Ana for the game.
